## EDUCATION

Fanshawe College – Internet Applications and Web Development  
Sept 2020 – Current  
London, ON

## KEY EXPERIENCE

*September 2020 - Current*

Junior Software Facilitator • Fanshawe Student Union

- Assisting in updating the front end of the student newsletter site
- Working with HTML, CSS, JavaScript, PHP and MySQL to ensure functionality with the existing database for the new UI
- Assist my boss with bugfixes and other small tasks for other student union sites/projects

## KEY SKILLS

- Knowledge of SEO and web accessibility
- Complete understanding of programming fundamentals
- Adaptive work pace
- Critical thinking/problem solving

## PROJECTS

MLB Game Finder • HTML/CSS/JavaScript • Available on GitHub

- An attempt to make a semi-lookalike MLB site to find games. Made for practice with the Bulma framework, as well as dynamic card generation with JavaScript.

Champion Select • HTML/CSS/JavaScript • Available on GitHub

- A simple vanilla app to randomize champions from League of Legends and select any number of them that you wish.
